

Dr.K.K.R GOWTHAM E.M.HIGH SCHOOL :: GUDIVADA

Biology Revision plan for Class X

Date / Day	Chapters	Work
03-04-2020	1 to10 chapters	Scientists and their work from every chapter, Flow Charts from every chapter
04-04-2020	1 to10 chapters	All diagram, labeling and practice
05-04-2020	1 to10 chapters	Slogans from Text book and EVS
06-04-2020	1 to10 chapters	Precautions for every experiment from every chapter
07-04-2020	1 to10 chapters	Abbreviation or acronyms from every chapter
08-04-2020	1 to10 chapters	Logos and What questions you ask doctor on Heart, Pancreas, Liver, Kidney, Brain and lungs
09-04-2020	1 to10 chapters	Definition Questions from all chapters and Genetic Diseases like Haemophilia, Thalaseemia
10-04-2020	1 to10 chapters	Structures and Differences from every chapters
11-04-2020	1 to10 chapters	General Questions: I) Vitamins, Malnutritious deficiency diseases. II) Glycolysis III) Hypertension, Valves, Lymph, Evolution of Transport system, Aphids experiments, Osmosis experiments IV) Evolution of excretion Dialysis, Mechanism of Urine formation V) Text Book Page 101, Primary and Secondary metabolities
12-04-2020	1 to10 chapters	VI) STDS (Bacterial and Viral) HIV- Aids, Mission working or Aids Therapy on Aids (A R T S) Vegetative Propagations (Natural and artificial) Types of asexual reproduction Placenta, Umbilicalcord, Double fertilization, L S Of Ovule
13-04-2020	1 to10 chapters	VII) Mouth Munching machine, E N S, Human being moving museum why? VIII) Micro, Macro evolution, Darwin nutshell Lamarck inheritance of acquired Characters
14-04-2020	1 to10 chapters	IX) Bio diversity, Soil conservation X) Micro irrigation, farmer based, community based intervention.
15-04-2020	1 to10 chapters	Quick review questions from all chapters given to students for pre-final-I and pre-final-II
