

Here are some words your teacher uses in the class.  
Find out the number of letters each word has.

This worksheet integrates Mathematics and English.

Very good     $\boxed{4} + \boxed{4} = \boxed{8}$

Much better     $\boxed{4} + \boxed{6} = \boxed{10}$

Keep it up     $\boxed{4} + \boxed{2} + \boxed{2} = \boxed{\phantom{00}}$

Keep trying     $\boxed{\phantom{00}} + \boxed{\phantom{00}} = \boxed{\phantom{00}}$

This is good     $\boxed{\phantom{00}} + \boxed{\phantom{00}} + \boxed{\phantom{00}} = \boxed{\phantom{00}}$

Neatly done     $\boxed{\phantom{00}} + \boxed{\phantom{00}} = \boxed{\phantom{00}}$

Great work     $\boxed{\phantom{00}} + \boxed{\phantom{00}} = \boxed{\phantom{00}}$
